Letter No.112342-AIV/48.2. Dated, the 9th November 1948

From

W.R.S. Sattianathan, Esq., I.C.S.,
Secretary to the Government of Madras.

To

The Secretary to the Government of India,
Ministry of Agriculture, NEW DELHI.

Sir,

Sub: AGRICULTURE - Grow More Food - Iron and Steel, Cement and Coal, Fuel oils required for agricultural purposes - Period II of 1949 - Indents - Forwarding of.
Ref: Mr.S.T.Raja's letter No.F1-22/48-SC dated the 10/19th October 1948.

With reference to the letter cited above I am directed to forward the statement in five copies of the requirements of Iron and Steel, Cement, Coal and Fuel Oils required for agricultural purposes for period II of 1949. These estimates were approved by the Material Resources Committee (recently constituted by this Government) at its meeting held on the 2nd November 1948.

2. The requirements of scrap iron may be taken as "NIL" as the Committee considers that scrap is not useful for making agricultural implements and its fabrication will involve increased cost. The Committee has therefore decided that the demand should be met from standard iron. It is, however, agreeable to accept useable defectives.

Yours faithfully,

Sd/. W.R.S.SATTIANATHAN
Secretary to Government
